

Delivery Hero

As the world's leading local delivery platform, our mission is to deliver an amazing experience, fast, easy, and to your door. We operate in over 70+ countries worldwide, powered by tech but driven by people. As one of Europe's largest tech platforms, we enable ambitious talent to deliver solutions that create impact within our ecosystem. We move fast, take action, and adapt. No matter where you're from or what you believe in, we build, we deliver, we lead. We are Delivery Hero.

Engineer I, Android - (Tech Graduate Program)

As part of our Tech Graduate Program, we are on the lookout for talented Engineer I, Android grads, to join our key verticals on our journey to always deliver amazing experiences.

City: Berlin; Starting date (earliest): At the earliest possible; Remuneration: 59 - 65k

Working field

Our Engineering organization consists of over 1,500 talented engineers distributed across our major verticals. Our tech employees are divided into different teams across the following areas: Consumer Data Products, FinTech, Logistics, Pandora, Platform, Quick Commerce, and Vendor Tech.

Requirements

Technical skills

- Mobile
- Kotlin, Java, React Native
- Generally, we also expect your curiosity in learning/trying out new technologies.

To be eligible for our program, you must

- Have the right to live and work in Germany and/or hold an EU passport.
- Have (or be graduating from) a Bachelor's or Master's degree in Computer Science, Software Engineering, Data Engineering, Data Science, or a related field.
- If graduated, you may also have a maximum of 2 years of experience in similar job fields.
- Coding boot camp graduates (recent or upcoming) are also eligible to apply and do not need to meet the degree requirement above; please apply if you have a minimum of 6-12 months of internship/boot camp experience.

- Understand and direct experience with coding in relevant languages and technologies (see below), ideally from internships, bootcamps, or open-source projects.

-Analytical thinker and strong problem solver with good communication and collaboration skills.

- Be business fluent in English.

What we offer

- Make the most of our hybrid working model and join the team for face-to-face connection and collaboration in our beautiful Berlin campus 2 days a week.
- We offer 27 days' holiday with an extra day on the 2nd and 3rd year of service.
- Get moving and release those wonderful, mind-boosting endorphins: Health Checkups, Meditation, Yoga, Gym & Bicycle Subsidy.
- Cash. Dough. Cheddar. Whatever you call it, we'll help you with it: Employee Share Purchase Plan, Sabbatical Bank, Public Transportation Ticket Discount, Life & Accident Insurance, Corporate Pension Plan.
- Look up and go for it. We will support you in developing yourself and your career: a € 1,000 Educational Budget, Language Courses, and Parental Support.
- The power of getting together over some food is unrivaled. Here are a few ways to help you do that. All the yum: Digital Meal Vouchers, Food Vouchers, Online Canteen, Corporate Discounts.
