

Nosh.bio GmbH

Nosh.bio is a Berlin based food tech startup. Our vision is a world where food is not harmful anymore neither for the planet, nor for the animals or the people. Our Mission is to develop a new class of ingredients and help the existing alternative products to finally appeal to the mass market.

Business Development Intern (Short-Term Contract) (m/f/x)

City: Berlin; Starting date (earliest): At the earliest possible; Remuneration: 2.222 €;
Closing date: 31/05/25

Working field

We're looking for a Business Development Intern to join our team this summer.

You're an enthusiastic, hands-on, and driven young professional who's excited to learn, take initiative, and make an impact.

As part of the Business Development team, you'll gain exposure to a wide range of commercial functions — from business strategy and sales to marketing and PR. This internship offers a unique opportunity to actively contribute to both strategic planning and hands-on execution, helping to shape our growth and brand visibility.

Requirements

The dynamic, mission-driven and international team at Nosh is moving at lightning speed and working hard. We know we can only do this with a strong, committed team and we have (a lot of) fun along the way. If you have a good sense of humor we are all for it! Next to that it would be great if the description below matches your profile:

Qualifications

- You are currently pursuing an MBA or Master's degree in Business, Management, or a related field and are eager to gain hands-on experience in a dynamic startup environment.
- You have a solid understanding of business fundamentals, a proactive mindset, and you're ready to learn by doing from day one.
- You think like an entrepreneur, enjoy solving problems, and have strong analytical skills.
- You're a clear communicator, a team player, and take ownership of your tasks with a high degree of self-responsibility.
- You speak fluent English; German is a plus, but not required.

Culture Fit & Impact

- Motivated, driven, with a strong work ethic and an ability to learn quickly.
- Respect and positive thinking are some of your characteristics.
- Ability to work in a fast-paced and changing environment.
- Ability to organize and prioritize a variety of tasks and work within deadlines.
- You are excited by Nosh.bio's mission :)

What we offer

- Contribute to the cutting edge of alternative protein research and push forward access to highly innovative, healthy, and sustainable analog products.
- Enjoy market compensation and flexible working hours in an agile, fun working environment.
- A pet-friendly office in Berlin Adlershof and of course the option to work remote.
- Knowledge is key - so all employees have access to Babbel.
- Fun team events.

Application

If this sounds like the right fit for you, we'd love to hear from you — send us your application to our Chief Growth Officer Alix at alix@nosh.bio.
