

E.ON Inhouse Consulting GmbH

E.ON Inhouse Consulting

E.ON Inhouse Consulting (ECON) is the internal consultancy of the E.ON Group. We solve the most complex tasks of the new energy world – making a lasting contribution to shape E.ON into a green, customer-centric and digital energy solution provider. Our international team consists of 100 consultants with extremely diverse academic backgrounds and a broad range of experience. This is the perfect combination to guarantee excellent, sustainable results and plenty of fun during our projects. E.ON's top management entrust us with managing the most crucial topics to the Group - from initial strategy development to final implementation. We support the Group's business units across all sectors, from renewables to sales and customer solutions. Our teams are currently involved in helping to develop new innovative products, in driving digitalization and in improving customer experience in our international projects. In addition, we have a long track record in business development and process optimization.

ECON Women's Day

Empower. Energize. Evolve. Women in Consulting.

City: schermbeck; Starting date (earliest): 03/09/25; Closing date: 10/08/25

Working field

At Women's Day 2025, we are inviting the next generation of female leaders to dive deep into the world of consulting. This exclusive event is designed to help women claim their place at the table, together.

We are not just talking about careers - we're offering real opportunities. Learn about the energy industry, sharpen your consulting skills to shine during the case study solving and join our Recruiting Day to walk away with a job offer.

This goes beyond a networking event. It's your gateway to accelerating your career where your voice matters and we are stronger together.

Requirements

You are currently enrolled in the final year of a Master's program, pursuing a PhD or MBA, or a young professional who has already completed a Master's degree with an outstanding academic record.

You have already gained some basic hands-on experience in the international arena - providing you with initial insights into the consulting sector and/or energy industry.

You are inspired by business challenges and enjoy solving complex problems for the benefit of society.

You are curious and can't wait to apply your theoretical knowledge to transform the energy industry.

You speak fluent English and German (at least B2) and are highly communicative within a team.

What we offer

What's in it for you?

- On campus interviews offering you the opportunity to walk away with a job offer.
- Hands-on experience through a real case and consulting training.
- Personalized feedback and coaching from our experienced consultants.
- Practical tips for your career and consulting interviews.
- Experience ECON's supportive culture throughout the event.

All expenses related to the event (travel, accommodation) will be reimbursed.

Ready to launch your consulting career?
