Requirements

We are looking for a full-time (40 hours/week) architect intern to join us on-site (at the office 5 days a week) from the 2nd of March 2026 to the 31st of August 2026, for an exciting 6-month internship. More specifically, we are looking for students with:

-Strong design and CAD skills.

-Proficiency in Adobe Suite and solid 2D and 3D rendering abilities (please specify your experience with each software in your application).

-Ability to work well in international teams.

-Excellent verbal and written English; Fluency in Mandarin, French, German, Dutch/Flemish is a plus.

-Authorised to work in the Netherlands (through being an EU citizen, having a Dutch student permit or working holiday permit). For this position, we can only consider candidates who are already legally allowed to work in the Netherlands. We're unfortunately not providing visa sponsorship for this role.

-Enrolled as a student for the entire duration of the internship (proof required).

What we offer

-Learn from Industry Leaders – Join a global, optimistic, and ambitious team delivering solutions to architectural and urban issues all over the world across multiple disciplines – from design to business support.

-Financial Compensation – Receive a competitive internship allowance of €700 per month, plus reimbursement of your home-office commutes (NS-Business Card or KM-based).

-A Vibrant Work Culture – Experience a dynamic, international environment with regular excursions, parties, and team activities, including the Rotterdam Marathon and other sports.

-Stay Healthy & Active – Enjoy affordable vegetarian office lunches (€4.30 per day), a substantial contribution towards your Urban Sports Club subscription, and access to OpenUp, our mental well-being platform.

-An Inspiring Workplace – Work from a great office located in Rotterdam's lively, central Blaak neighbourhood – just a short walk from the station.

Application

Join us and gain hands-on experience in a dynamic, collaborative environment where your ideas matter and your growth is supported – whether you're in design, communications, HR, finance, or beyond.
