

## Amazon - Construction

We strive to be Earth's most customer-centric company. And with every order prepared and delivered, our customer demand is growing. To meet this demand and keep a world-class service, we're hiring graduates and students to grow our teams in fulfillment centers across Europe.

### **Construction Manager Intern**

Construction/Pre-Construction Program Manager Intern

City: Berlin; Starting date (earliest): At the earliest possible; Duration: 3-6 months;

Remuneration: paid internship

#### **Tasks**

Key job responsibilities

- Observing the implementation and management of Amazon's safety programs and standards with the entire internal and external project team.
- Supporting the construction team to ensure that the skills and competencies of contract labor are appropriate to need and fit to undertake the work.
- Witnessing comprehensive budget, schedule tracking and forecasting which strives for frugality and accomplishing more with less while identifying and solving factors that may impede a successful project hand-over to Amazon stakeholders.

#### **Requirements**

Basic qualifications:

- Currently enrolled in and actively pursuing an accredited bachelor's degree in Engineering, Construction Management or comparable field with graduation between December 2026 and June of 2027.
- Able to work 40 hours a week for the duration of the internship.  
Fluent written and verbal communication in English and German (Level - C1 or higher).

Preferred qualifications

- Strong academic, leadership, and/or extracurricular record.
- Effective interpersonal, written, and oral communication skills.
- Ability to influence across all levels of an organization.
- Strong time management skills.
