Tasks

Department Overview

Our System Integration department plays a vital role in creating advanced communication and security solutions for public safety and enterprise customers. We design, deploy, and manage complex communication and security systems for public safety, government, and enterprise customers that include cutting-edge technologies like network communication, video surveillance, and software solutions. Working in this team means being part of a fast-paced, innovative environment where you'll contribute to projects that make a real difference in keeping communities safe.

This is an exciting opportunity for students to gain hands-on experience, learn from industry experts, and build a foundation for a career in project management and technology. If you're passionate about problem-solving, teamwork, and making an impact, this is the place for you!

What You Will Do:

- Gain an understanding of customer operations and the public safety environment
- Learn how PMI-based project management is applied in real-world scenarios
- Support our project managers and project teams with their diverse tasks
- Run reports, review documents, meet customers, and ask many questions to maximize your learning

Requirements

What We Are Looking For:

- Currently pursuing a BA, preferably in Economics, Engineering, or a related field

- Fluent in German and English
- Eligible to live and work in Germany
- A team player who thrives in an international team setting
- Strong communication skills and a proactive attitude

What we offer

Join us to develop your project management skills in a dynamic and impactful environment!

Application

Motorola Solutions is an Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion or belief, sex, sexual orientation, gender identity, national origin, disability, veteran status or any other legally-protected characteristic.

We are proud of our people-first and community-focused culture, empowering every Motorolan to be their most authentic self and to do their best work to deliver on the promise of a safer world. If you'd like to join our team but feel that you don't quite meet all of the preferred skills, we'd still love to hear why you think you'd be a great addition to our team.
