

## **CUTANEON - Skind & Hair Innovations GmbH**

At Cutaneon we are dedicated to advancing the future of skin and hair health. As a company at the forefront of research and innovation in dermatology, we aim to deliver groundbreaking solutions that make a real difference in people's lives. Our team consists of experts who are passionate about developing safe, effective, and sustainable skincare and haircare products.

### **Research Assistant (Minijob)**

Are you a motivated Master's student eager to apply your academic knowledge in a practical environment? Cutaneon offers an exciting opportunity for Master's students to work as a Research Assistant on a Minijob basis in an innovative company specializing in dermatology and cosmetic science.

City: Berlin; Starting date (earliest): At the earliest possible; Duration: Permanent;  
Remuneration: Minijob

### **Working field**

- Collaborate closely with our R&D team to explore innovative solutions in skin and hair care.
- Conduct scientific analysis and experiments to support product development.
- Collect and analyze data and results for scientific studies.
- Present research findings to internal teams and contribute to strategic discussions.
- Receive guidance and support from experts in dermatology and cosmetic sciences.

### **Requirements**

- A current Master's student (preferably in fields such as Biology, Chemistry, Dermatology, Pharmaceutical Sciences, or a related area).
- Strong scientific background with a keen interest in skin and hair health.
- Ability to work independently as well as collaboratively in a team environment.
- Excellent communication skills in **both German and English**.
- Enthusiasm for contributing to the development of innovative skin and hair products.

### **What we offer**

- A long-term position on a Minijob basis in a forward-thinking company.
- A unique opportunity to conduct research in an innovative industry with real-world applications.
- A dynamic, supportive, and innovative working environment.
- Mentorship from industry professionals to help you grow in your academic and professional career.

## Application

Please send your CV, a cover letter, and an abstract of your proposed Master's thesis topic to Dr. Jennifer Gherardin to the following email address: [j.gherardini@cutaneon.com](mailto:j.gherardini@cutaneon.com)
