

Technische Universität Dresden - Faculty of Chemistry and Food Chemistry, Chair of Inorganic Molecular Chemistry

Technische Universität Dresden (TUD), as a University of Excellence, is one of the leading and most dynamic research institutions in the country. For TUD diversity is an essential feature and a quality criterion of an excellent university. Accordingly, we welcome all applicants who would like to commit themselves, their achievements and productivity to the success of the whole institution.

Research Associate/PhD Student (m/f/x)

At the Faculty of Chemistry and Food Chemistry, the Chair of Inorganic Molecular Chemistry offers a position as Research Associate / PhD Student (m/f/x) (subject to personal qualification employees are remunerated according to salary group E 13 TV-L) starting at the earliest possible date in a DFG funded project „Blueprint for a modern sustainable phosphorus chemistry“. The position comprises 50% of the full-time weekly hours with the option to increase to 65%. The position is limited to 36 months. The period of employment is governed by Fixed Term research Contracts Act (Wissenschaftszeitvertragsgesetz - WissZeitVG). The position offers the chance to obtain further academic qualification (usually PhD).

City: Dresden; Starting date (earliest): At the earliest possible; Duration: the position is limited to 36 months.; Remuneration: subject to personal qualification employees are remunerated according to salary group E 13 TV-L; Reference number: w24-215; Closing date: 06/06/25

Working field

Synthesis of and Development of alternative and greener synthesis routes for phosphorus fine chemicals and exploration of novel P-compounds. Characterization of the obtained products and intermediates via spectroscopic methods such as NMR, UV-vis, IR/Raman, mass spectrometry and X-ray structure determination.

Requirements

university degree (Master or equivalent) in chemistry; background in organic or inorganic molecular chemistry; an integrative and cooperative personality with high teamwork abilities; safe handling of inert gas techniques; knowledge of analytical methods for molecular chemistry; Microsoft Office and chemical software handling; confident presentation of scientific results in English and preferably in German.

Application

TUD strives to employ more women in academia and research. We therefore expressly encourage women to apply. The University is a certified family-friendly university. If multiple candidates prove to be equally qualified, those with disabilities or with equivalent status pursuant to the German Social Code IX (SGB IX) will receive priority for employment.

Please submit your detailed application with the usual documents quoting the reference number "w24 215" by June 6, 2025 (stamped arrival date of the university central mail service or the time stamp on the email server of TUD applies) to: TU Dresden, Chair of Inorganic Molecular Chemistry, Herrn Prof. Dr. Jan J. Weigand, Helmholtzstr. 10, 01069 Dresden, Germany or via the TUD SecureMail Portal <https://securemail.tu-dresden.de> by sending it as a single pdf file to ac3.sekretariat@tu-dresden.de. Please submit copies only, as your application will not be returned to you. Expenses incurred in attending interviews cannot be reimbursed.

Reference to data protection: Your data protection rights, the purpose for which your data will be processed, as well as further information about data protection is available to you on the website: <https://tu-dresden.de/karriere/datenschutzhinweis>.
