

E.ON Inhouse Consulting GmbH

E.ON Inhouse Consulting

E.ON Inhouse Consulting (ECON) is the internal consultancy of the E.ON Group. We solve the most complex tasks of the new energy world – making a lasting contribution to shape E.ON into a green, customer-centric and digital energy solution provider. Our international team consists of 100 consultants with extremely diverse academic backgrounds and a broad range of experience.

This is the perfect combination to guarantee excellent, sustainable results and plenty of fun during our projects. E.ON's top management entrust us with managing the most crucial topics to the Group - from initial strategy development to final implementation. We support the Group's business units across all sectors, from renewables to sales and customer solutions. Our teams are currently involved in helping to develop new innovative products, in driving digitalization and in improving customer experience in our international projects. In addition, we have a long track record in business development and process optimization.

ECON Academy

Accelerate Your Consulting Career.

City: Malmö; Starting date (earliest): 08/10/25; Closing date: 14/09/25

Working field

Big ideas often start with a simple question: What if?

What if our cities could heat themselves smarter? What if consumers became active players in the energy system? And what if you could help shape that future – starting now?

At ECON Academy 2025, we believe you don't need all the answers, just the courage to ask the right questions. This event is for curious minds and future consultants ready to explore how innovation drives real impact.

Together, we will tackle real energy challenges, visit our Malmö office, grow your consulting skills and take your first step toward a career at E.ON Inhouse Consulting.

Join our event on 08-10 October in Malmö!

Requirements

Your profile:

- You are an enrolled Master's student in your final year, a PhD candidate, or a young professional with an outstanding academic record.
- You have already gained initial hands-on experience in the consulting sector and/or energy industry
- You are inspired by business challenges and enjoy solving complex problems for the benefit of society.

- You are curious and can't wait to apply your theoretical knowledge to transform the energy industry.
- You speak fluent English and German and are highly communicative within a team.

What we offer

What's in it for you?

- Solve a real consulting case focused on the potential of flexibility in the energy system.
- Boost your skills through our consulting readiness training.
- Personalized feedback and coaching from our experienced consultants.
- Practical tips for your career and consulting interviews.
- Experience ECON's culture throughout the event.
- Three days in Malmö with a visit to Lund's Ectogrid and fun evening events.

All expenses related to the event (travel, accommodation) will be reimbursed.
