

Technische Universität Berlin

Research Assistant - 0.75 working-time - salary grade E13 TV-L Berliner Hochschulen

under the reserve that funds are granted

Faculty VI - Planning Building Environment, Institute of Architecture / Urban Design and Urbanisation

Reference number: VI-481/25 (starting at 01/01/26 / limited until 31/12/2029 / closing date for applications 12/12/25)

About us:

The Collaborative Research Centre (CRC) 1265 "Re-Figuration of Spaces", funded by the German Research Foundation (DFG) at Technische Universität Berlin since 2018, investigates the transformation of socio-spatial orders observable since the late 1960s. The position is located in subproject A07 'Natural spaces: conflicts over botanical knowledge using the example of (trans) atlantic forests'.

Your responsibility:

- Planning and conducting participatory field research in Great Britain
- Mapping and document analysis
- Coordinating project work in connection with the SFB together with a student assistant in consultation with the project management;
- Establishing and maintaining international collaborations;
- Publication of research results in scientific publications and at conferences
- Independent research on the project topic
- Collaboration in project management, organisation and planning
- Collaboration with other members of SFB 1265

Your profile:

- Successfully completed academic university degree (Master, Diplom or equivalent) in architecture, urban design, spatial planning or any related disciplines
- Expertise in mapping and design research methods
- Experience in empirical field research
- Very good English skills
- Prior knowledge in the areas of spatial theory and research, political ecology and conservation studies advantageous
- Interest in methods in the field of qualitative social research, participant observation, ethnography desirable
- Experience with interdisciplinary research work in a project context desirable

How to apply:

Please send your application **with the reference number** and the usual documents (combined in a single pdf file, max. 5 MB) **only by email** to Prof. Dr. Stollmann via **dannecker-ryall@tu-berlin.de**.

By submitting your application via email you consent to having your data electronically processed and saved. Please note that we do not provide a guaranty for the protection of your personal data when submitted as unprotected file. Please find our data protection notice acc. DSGVO (General Data Protection Regulation) at the TU staff department homepage: https://www.abt2-t.tu-berlin.de/menue/themen_a_z/datenschutzerklaerung/.

To ensure equal opportunities between women and men, applications by women with the required qualifications are explicitly desired. Qualified individuals with disabilities will be favored. The TU Berlin values the diversity of its members and is committed to the goals of equal opportunities. Applications from people of all nationalities and with a migration background are very welcome.
