

adsquare GmbH

adsquare is the mobile-first data exchange bringing together data buyers and sellers in a transparent and secure environment. The platform is built mobile-first and makes data accessible in real-time, enabling advertisers to create holistic audiences and to target consumers' mobile moments. adsquare works compliant with strict European privacy laws and has been awarded the ePrivacyseal for best practice data handling. We empower our partners and clients with sophisticated, yet easy to use self-service instruments, putting them in control and ensuring full transparency. To achieve this, we gathered international talent sharing the same vision and passion for cutting-edge technology. adsquare was founded in 2012 and now has 4 global offices with the team consisting of 35 members from 14 different nationalities. Join our mission and have a real impact on the digital marketing landscape.

Internship - IT Systems Administrator (m/f/d)

We're expanding our IT team and looking for a (Intern) IT Systems Administrator to help build and maintain a robust and secure IT environment. If you're motivated by practical problem-solving, thrive in a collaborative setting, and are excited about supporting a tech-forward workforce, we'd like to hear from you.

City: Berlin; Starting date (earliest): At the earliest possible; Duration: 6 months;
Remuneration: to be defined

Tasks

Provide 1st level support for our internal IT systems and services.

Ensure smooth onboarding and offboarding processes with an eye for detail and efficiency.

Support and continuously improve our IT processes with a mindset for automation and operational excellence.

Administer the electronic physical access control system.

Contribute ideas and improvements to enhance user experience and system performance.

Serve as a point of contact for IT-related questions, helping colleagues resolve issues fast and reliable.

Support security standards and best practices.

What we offer

Modern office in Berlin-Mitte

Flexible home-office policy

Latest hardware

Regular team lunches and annual offsite events

And much more
