

E.ON Inhouse Consulting GmbH

E.ON Inhouse Consulting

E.ON Inhouse Consulting (ECON) is the internal consultancy of the E.ON Group. We solve the most complex tasks of the new energy world – making a lasting contribution to shape E.ON into a green, customer-centric and digital energy solution provider. Our international team consists of 100 consultants with extremely diverse academic backgrounds and a broad range of experience.

This is the perfect combination to guarantee excellent, sustainable results and plenty of fun during our projects. E.ON's top management entrust us with managing the most crucial topics to the Group - from initial strategy development to final implementation. We support the Group's business units across all sectors, from renewables to sales and customer solutions. Our teams are currently involved in helping to develop new innovative products, in driving digitalization and in improving customer experience in our international projects. In addition, we have a long track record in business development and process optimization.

Female Talent Days 2026

Consulting for Impact

City: Schermbeck; Starting date (earliest): 20/05/26; Closing date: 26/04/26

Tasks

Ready to showcase your consulting skills? Join our exclusive three-day career event designed for ambitious women ready to launch their consulting careers.

Explore the major transformations shaping one of Europe's leading energy companies and uncover your potential as a trusted advisor. Tackle exciting consulting cases individually and in teams, sharpen your problem-solving skills and stand out in our recruiting interviews for the opportunity to walk away with a job offer at the end of the event.

Are you in? Apply by April 26 and join us at Landhotel Voshövel from May 20-22, 2026.

Requirements

- A Master's degree in Economics, Engineering, Natural Sciences, (Business) Informatics or a related field documents your outstanding academic performance
- You have already gained initial hands-on experience in the consulting and/or energy industry
- You are fluent in English and willing to learn German (at least B1 level)
- Tackling complex problems with real-world impact is something you are genuinely passionate about
- Your curiosity and drive to shape the transformation of the energy industry set you apart from others

What we offer

- Consulting readiness training: Strengthen your problem-solving and communication skills
- Real consulting experience: Tackle exciting cases and gain insights into current challenges
- On-site interviews: Get the opportunity to secure a job offer on the final day
- Personalized feedback: Receive individual coaching and practical tips for your consulting career
- Networking & culture: Connect with our consultants and experience our team spirit, diversity and values
- Shared experiences: Enjoy social activities in a relaxed and inspiring setting
