

Soltrac GmbH - Solar generators for satellites

We develop and produce cost-effective solar generators for satellite constellations

Assistant to Management

City: Berlin; Starting date (earliest): At the earliest possible; Remuneration: 45000€/Jahr;
Closing date: 31/07/26

Tasks

We need someone to be the operational backbone of the company. You keep management organized, the office running, and our people, finance, and investor routines firmly on track. Broad, hands-on, and right at the center of everything.

Requirements

An Industrial Engineer (Wirtschaftsingenieur) is the ideal fit — technical understanding meets business sense. But we mean it: strong people from any background are encouraged to apply. Organized, reliable, comfortable with numbers, ready to take ownership.

What we offer

Exciting real space projects with frequent flight rates. Work on powering spacecrafts for the future of humanity.

Application

Closing date: 31/07/26
